UvA Master’s Day November 9, 2019
— Computer Science —

A Joint Master Degree offered by:

VU
VRIJE UNIVERSITEIT AMSTERDAM

UNIVERSITY OF AMSTERDAM

November 9, 2019
Your hosts today:

- **Stephen Swatman**
  Master student Computer Science

- **Alban Ponse**
  Associate prof. (UHD) Computer Science (UvA)
  UvA program coordinator

Our programme today:

- The **Joint-Degree Master in Computer Science** in Amsterdam
Who is us?

VU + University of Amsterdam = Two universities for the price of one!!
Disadvantage:

- Two teaching locations: Zuidas and Science Park

Advantages:

- A Joint Degree: One diploma issued by both universities
- Larger selection of courses
- More research opportunities for graduation projects
- More first-class researchers at your finger tips
- More resources
- More of everything . . .
MSc Computer Science UvA+VU

Fact Sheet:

- 2 years
- 120 ECTS credits
- Taught in English
- Internationally visible
- International student population
- Leading to a position in industry (in NL and abroad)
- Leading to a position in industrial research
- Leading to a career in academia
Curriculum Structure

Four pillars:

- Master Core (42 EC)
- Choice of 6 tracks (30 EC):
  - Big Data Engineering
  - Computer Systems Security
  - Foundations of Computing and Concurrency
  - Internet and Web Technology
  - Parallel Computing Systems
  - Software Engineering and Green IT
- Constrained Choice packages (12–18 EC)
- Free Choice courses (30–36 EC)
Master Core (42 EC)

- **One course** (6 EC) on the social context of computer science:
  - History of Digital Cultures: on history of computing
  - ICT for Development: on ICT in developing countries
  - ICT4D in the Field: an ICT project in a rural community
  - E-commerce Law: on legal issues for on-line business
  - Entrepreneurship in AI and CS: on starting a company

- **Literature Study and Seminar** (6 EC)
  investigating existing solutions to a research question and presenting findings within one of the research groups

- **Graduation Project** (30 EC)
  independently executing a project, turning everything learned so-far into a master piece
Track: Big Data Engineering (30 EC)

Track theme:

▶ How to cope with the enormous amounts of data on e.g. the Internet and social media and in companies

Track core:

▶ Data Mining Techniques
▶ Information Visualization
▶ Large-Scale Data Engineering
▶ Web Services and Cloud-based Systems
▶ Web Data Processing Systems

Track coordinator:

▶ Dr. Adam Belloum
  (https://aszbelloum.wixsite.com/aszbelloum)
Track: Computer Systems Security (30 EC)

Track theme:
▶ Security of computer networks from a system’s point of view

Track core:
▶ Hardware Security
▶ Computer and Network Security
▶ Binary and Malware Analysis
▶ Kernel Programming
▶ Distributed Algorithms

Track coordinator:
▶ Prof.dr. Herbert Bos
   (www.vusec.net/people/herbert-bos/)
Track: Foundations of Computing and Concurrency (30 EC)

Track theme:
- Apply formal methods in computing and concurrency

Track core:
- Protocol Validation
- Distributed Algorithms
- Advanced Logic
- Logical Verification
- Term Rewriting Systems

Track coordinator:
- Dr. Femke van Raamsdonk (www.cs.vu.nl/~femke/)
Track: Internet and Web Technology (30 EC)

Track theme:
▶ Software technology for web, internet, and cloud computing

Track core:
▶ Internet Programming
▶ Distributed Algorithms
▶ Performance of Networked Systems
▶ Web Services and Cloud-based Systems
▶ Distributed Systems

Track coordinator:
▶ Dr. Jacopo Urbani (www.jacopourbani.it/)
Track: Parallel Computing Systems (30 EC)

Track theme:

- Large-scale parallel computing (clusters, grids, clouds, mainframes)

Track core:

- Parallel System Architectures
- Programming Large-scale Parallel Systems
- Parallel Programming Practical
- Programming Multi-core and Many-core Systems
- Performance Engineering

Track coordinator:

- (For now) Dr. Jacopo Urbani (www.jacopourbani.it/)
Track: Software Engineering and Green IT (30 EC)

Track theme:
- Systematic and quantifiable approaches to the development, execution and maintenance of software

Track core:
- Service Oriented Design
- Software Asset Management
- Green Lab
- Software Architecture
- Software Testing

Track coordinator:
- Prof.dr. Patricia Lago
  (www.s2group.cs.vu.nl/people/patricia-lago/)
Looking Beyond your Track

Ensuring the breadth of each individual study program

Constrained choice modules (12–18 EC):

- One course on foundations
- One course on software engineering
- One course on programming
- One course on mathematics

- Each to be chosen from a predefined set of choices
- Partially covered by the chosen track’s core
Free Choice Courses

Free Choice (30–36 EC):

- Courses from other tracks (pre-approved)
- Other courses from constrained choice packages (pre-approved)
- Any course from your track’s pre-approved list of suggestions
- Any other course (Master-level) from Computer Science, Computational Science, Logic, Artificial Intelligence, or Bioinformatics (to be approved by exam committee)
YOU decide about much of the study programme

Want to go to industry ?

▶ Do your graduation project as an internship with a company

Want to go for a PhD / more ambitious job ?

▶ It is possible to combine
  ▶ literature study
  ▶ individual project
  ▶ graduation project

to a larger scientific research project (up to 42 EC)
Admission to the Programme

For university students

▶ BSc degree in Computer Science or Informatica (or closely related subject)
▶ Other degrees: individual assessment

For HBO students

▶ BSc degree in Informatica (or closely related subject)
▶ Individual assessment of strengths and deficits
  ▶ Additional courses from our BSc/MSc programmes as necessary
Why you should join the VU/UvA Master in Computer Science

Some good reasons:

- VU and UvA are among the top universities in Europe
- Learn from renowned scientists
- Small student groups, staff is easily accessible
- Wide choice of courses
- Become part of a research group for your graduation project
- Modern state-of-the-art facilities
- International environment at home
- Excellent job market for graduates (academia or industry)
- Get two universities for the price of one
