For each potential presentation, a 2-4 page abstract is required, summarizing the presentation. The abstract submission process has three steps: (1) submission of an initial abstract, by March 15th, 2010; (2) notification of abstract acceptance, by April 30th, 2010; (3) possibly a resubmission based on reviewers comments.

The final abstract must contain (1) the presentation title; (2) names of the authors; (3) indication of who is the intended [presenter] and [corresponding] author; (4) summary of the intended presentation, with sufficient detail to judge its merit and its allocation to an appropriate session; (5) [optional] list of references.

Useful templates for the preparation of the abstracts in LaTeX and Microsoft Word formats may be found on the AGACSE2010 website, at the link <http://staff.science.uva.nl/~leo/agacse2010/abstracts.html>. Once the abstract is prepared please convert it to PDF format.

All abstracts must be submitted electronically (**PDF only**) via the link on our AGACSE2010 site.
